

Project Initialization and Planning Phase

Date	10 July 2024
Team ID	SWTID1720067113
Project Name	Dog Breed Identification using Transfer Learning
Maximum Marks	3 Marks

Define Problem Statements (Customer Problem Statement Template):

I am	I am trying	But	Because	Which makes me feel
A dog owner who often encounters many dogs and wants to identify their breeds.	Quickly and accurately determine the breed of a dog using Machine Learning	Existing apps are either not accurate enough or too slow.	They do not leverage advanced techniques like transfer learning for better performance.	Frustrated and unsure about the reliability of the breed identification.
